

# Cardboard Troll Haircuts

## SUPPLIES:

Colored paper (can design own if you only have white)

Cardboard rolls

Sticky tape or gluestick

Scissors

Markers/crayons

Googly eyes and glue (optional)

## INSTRUCTIONS:

Begin by cutting strips almost through each piece of paper. It will create a fringe because it isn't cut all the way through.

Then glue or fold tape (so sticky on both sides) and use it to hold the colored paper to the cardboard roll.

Decorate your troll, and cut and style hair! Please be careful when handling scissors!
